

# INDIGO AM I

## Mission

The Grace of Indigo Light

To contribute my own knowing, as an Indigo Scout, to liberate the power of love within the challenges of introducing a new type of child into a family, educational system, and world community.

To demonstrate how to nurture and be nurtured by unusually gifted family members physically, emotionally, mentally and spiritually.

To employ my psychic abilities and my own Indigo nature to provide tools, systems and strategies to ensure the Indigo children, their families and communities receive their gifts and enjoy the journey as we create a new worldview together.

To create sustainable community for continuing to nurture, support, develop and sustain strategies and artforms to receive the expression of Indigo Light. To create venues and broadcasts to showcase Indigo brilliance.

To unlock the codes for success within the Indigo experience.

## Trinity Thomas

Trinity describes herself as an Indigo Scout, a bearer of a “precursor wave” of Indigo light, born to scout the landscape for the wave of Indigo light now being born. She employs her gifts for clairaudience, clairvoyance and clairsentience to develop strategies of ease and enjoyment for unusually gifted children and adults.

Searching through various paths of consciousness for decades, she discovered comfort, clues, and catalysts in the form of crystals, historical research, angelic interventions, sound healing, language codes, energy balancing, step-parenting, alchemical essential oils, geomancy, sacred relationships, earth healing ceremony, art therapy, myth and mediumship. *Her passion is soul advocacy: making sense of each soul's journey and purpose through clearing the blocks to love and joy. Restoring highest choices!*

Through facilitating thousands of individual and group sessions and dozens of seminars, Trinity has perfected her style of cutting through the veils of personal and planetary shadow and illusion to the place where we remember who we are and why we are here. She shows us how to course correct, set ourselves free, and unleash our souls' gifts to create a new world.

*Trinity is masterful in unlocking the codes for success within the Indigo experience.*

*A Message from Trinity:*

*I didn't know, all those years ago as a child, that it was remarkable to hear the plants and animals, the songs of the stars, the hopes and fears of everyone around me. I didn't understand why "they" didn't understand me. When I encountered fear, or any other block to love and divine truth, I became angry, which severed my connection to love, my source.*

*When I discovered I was so different, I closed myself off from these abilities, and withdrew. For a lifetime I have searched for meaning, clarity and connection. I was exploring how to be nourished and responsible, as a carrier of Indigo energy. I am ecstatic to offer my findings to these courageous ones and their families! I know, in the deepest part of my heart, that this is why I am here.*

# I AM INDIGO Mission

## The Grace of Indigo Light

To contribute my own knowing, as an Indigo, to ease the way for children and families experiencing challenges by clearing the blocks to the presence and power of love.

To bridge with the Angelic Realm to provide and anchor specific clarity, courage, creativity and enthusiasm for each situation. To deliver grace from the angels to the Indigo wave.

To create venues and broadcasts to showcase Indigo brilliance.

To employ my psychic abilities to provide tools, systems and strategies to ensure the Indigo children, their families and communities receive their gifts and enjoy the journey as we create a new worldview together.

To unlock the codes for success within the Indigo experience.

## Christie Sheldon

Christie is an Indigo who has developed her talents as a Healing Psychic and an Angel Intuitive. *Her angels have given her the codes to unlock the joy within the Indigo experience.* She has mastered the techniques and interpretation skills necessary to act as a conduit for the angels in delivering grace. Her passion is clearing the blocks to the presence of real love and unbounded joy for the upliftment of our world.

In many radio shows, thousands of individual consultations, and dozens of workshops she has demonstrated her talent for cutting through illusions in situations, identity, roles and agendas to the place where you remember your true nature is love and your true purpose is joy.

Her private consultations for individuals, families, and businesses provide angel attunements to restore frequencies of energy which have been blocked or altered by wounds, traumas, and incomplete experiences. These attunements are a form of grace from the angels to provide a missing wavelength of energy to restore personal power, discover true heart's desires, and align you with your path of greatest joy and success. Christie's attunements have been called a "prescription for your soul."

*A Message from Christie: (in a different color?)*

*My greatest joy in life is to assist our gorgeous planet, Mother Earth, by delivering grace from the angels to clear her and all the beings inhabiting her, so that all beings radiate love, prosperity, joy and peace, every day in every way.*
